SINCE  1990

GRUSZKA

FURNITURE

The Gruszka Furniture company was established in 1990 and is a pioneer among furniture companies in southern Greater Poland. From the very beginning the company quickly began to grow and evolve. Initially, as a traditional family company, we made numerous investments which allowed for our business development. Since 1990 we have been producing the highest quality furniture, always taking care of every detail.

We guarantee our customers will be satisfied with our reliability. Thanks to our continued pursuit of excellence, we are today one of the leaders in the furniture industry, proven by our many satisfied sales to wholesale and retail customers. Our clients appreciate Gruszka Furniture for its functionality, sophisticated design, use of the highest quality of materials and innovative solutions.

If you are looking for comfortable and stylish furniture, you've come to the right place. You can trust that we are a recognizable and appreciated brand, we have a short lead time and produce modern and high-quality products. That is how we have created history for over thirty years and continue to do so, as we grow our experience and passion for furniture.

We hope that you will join us as one of our many regular and satisfied customers

Yours faithfully

Andrzej Gruszka
Kacper Gruszka
